

Farmers Market

GRØNT MARKED

A Farmers Market Based in 4 Locations in Copenhagen

Grønt Marked is open from May – December

On four different locations in Copenhagen

How it started

in 2019, 5 friends came together wanting to

- **create a platform for small-scale producers**
- **bring farmers market culture to Denmark / Copenhagen**
- **make consumers aware of the local and seasonal produce available**
- **create a place where people can meet and create a community around food**

Since then the markets have grown to weekly markets with ca. 2.000 visitors each market

Volunteer based Organisation

~100 volunteers

help with setup, kitchen and sales of coffee & merchandise

How we contribute to health

- **promoting consumption of fruit and vegetables**
- **showcasing fresh, local products through our kitchen**
- **promoting home cooking**
 - **through the market kitchen and workshops**
- **no ultraprocessed foods**
- **ethical and more sustainable food production**

Thank you!
